20-SECOND
TEMPOGRAPH

THE NEW LOTUS EVORA 400 IS NOT FOR YOU.

Introducing the new Lotus Evora 400, the latest supercar from the famous English automaker. Not only does this new model accelerate to 60 mph in 4.2 seconds, or hit the top speed of 186 mph during a track day, but it can do so with up to 3 friends in the car. Of course, those numbers might change a bit with the added weight. But with 400 hp and 302 lb-ft created by its charge-cooled, mid-mounted, 3.5-liter V6, performance will remain exhilarating no matter what. The engine, along with more than two-thirds of the Evora 400's construction, is completely new for this model.

YOU CAN TELL A GOOD WATCH BY ITS HEART.

The most important element of a genuine Armin Strom is the movement. Not only is it where the work begins, it is also at the heart of the design. This means that everybody who checks the time will always see the beauty of the technology.

Dear Reader,

Automobile aficionados will almost always agree that cars are not all the same. On the one hand, some are low-cost, high mpg transportation devices. On the other end of the spectrum, there are automobiles that are high-cost, collectible luxurious (or exotic) experiences. There is similarity between automobiles and the dichotomy of electronic and print media. Let me explain.

The internet is like a highway with zillions of cars traveling back and forth each day (or rather each second). Information speeds along at a great speed with the singular purpose of getting from point A to point B and specific points thereafter. Just like a commuter car, data travels the internet efficiently and at little cost. Let's call the internet "information transportation".

Magazines are more like classic, luxury and/or exotic automobiles. Each issue tends to be different. They are unusual (and sometimes expensive) to build and they are not necessarily meant to transport information. Magazines are meant to provide an experience that one can hold in one's hands. Magazines have increasingly become identified with luxury rather than everyday items. Categorizing magazines as a luxury experience puts them in a different group from information transportation. This means a good bit more longevity due to special handling and a more enjoyable pace. Therefore, we should refer to magazines as an "information experience" just like classic, luxury and exotic cars.

Obviously, there is a difference between transportation and experience. Witness the comments of a **duPont REGISTRY™** reader when he said that we have a "first class product". And he has used the **duPont REGISTRY™** to purchase several exotics (Range Rover, Aston Martin, Bentley) that were located in the United States. He is from outside of the USA and turns to the **duPont REGISTRY™** as a trusted source with trustworthy advertisers. The experience is valuable, targeted and enjoyable. There is no information overload (i.e., traffic jam). Another successful experience... another reason to be part of the **duPont REGISTRY™** marketplace.

Happy Motoring,

Thomas L. duPont
Publisher/Chairman

P.S. We are located in St. Petersburg, Florida and it is still hot, but not as hot as the automobile auction and show event schedule. This Fall is loaded with automotive experiences that will both amaze and satisfy the enthusiast urge to connect in real time. If you are not going to one or more of the following events, you may want to change your plans and visit us at any of the events below:

October 16-18: The Edison Concours d'Elegance in Llewellyn Park, New Jersey, www.edisonconcours.org.

October 16-18: The Lake Mirror Classic in Downtown Lakeland, Florida, www.lakemirrorclassic.com.

October 30-November 1: Hilton Head Island Concours d'Elegance and Auctions America, Hilton Head, South Carolina, see www.auctionsamerica.com and www.hhiconcours.com

November 13-15: Winter Park Concours d'Elegance and duPont REGISTRY™ LIVE in Winter Park, Florida (near Orlando). See the complete schedule at www.winterparkconcours.com.

November 13-15: Carlisle Fall Florida AutoFest and duPont REGISTRY Cars & Coffee in Lakeland, Florida, Website: www.carlisleevents.com.

November 19-22: Tampa Bay International Auto Show by Motor Trend at the Tampa Convention Center, www.autoshowtampa.com.

October 17, November 21, December 19: duPont REGISTRY™ Cars & Coffee, duPont REGISTRY™ Headquarters, St. Petersburg, Florida, www.dupontregistry.com.

Plus Boat shows in the area:

November 5-8: Fort Lauderdale International Boat Show, www.showmanagement.com/fort_lauderdale_boat_show

December 3-6: St. Petersburg Power & Sail Boat Show, www.showmanagement.com/st-petersburg-power-sailboat-show

OFFICIALLY LICENSED TIMEPIECES

AMERICA'S SPORTS CAR MEETS FRENCH INNOVATION

Corvette has been synonymous with speed, performance and precision since the first car took to the track in 1953. Now, Corvette's unmatched style and groundbreaking engineering are captured in a collection of exclusive timepieces by legendary French watchmaker BRM Chronographes, who has partnered with General Motors to create a licensed, limited-edition Corvette Racing wristwatch.

Available in five models, each BRM Corvette Racing model employs a precision automatic or chrono-automatic movement and bears the iconic Corvette Racing insignia. Our ultimate chronograph features a 24-hour dial to commemorate Corvette's seven class wins at the legendary 24 Hours of Le Mans endurance race. And each model is strictly limited to no more than 100 numbered examples.

If you're a Corvette fan with an appreciation for fine timepieces, this is a must-have addition to your collection.

ARMIN STROM DOUBLE BARREL GUMBALL 3000

Taking precision timing to the next level, the Armin Strom Double Barrel Gumball 2000 watch (Ref. T115-GB.90) houses the Caliber ARM12-GB, with two barrels for added power reserve. The manual-wind watch with small seconds and off-center time indication has 10 days of power reserve. The bridges of the 159-part movement are crafted with carbon inlays and golden trim lines. The 43.40 mm Titanium black PVD case features the Gumball 3000 logo inside the small seconds indication at 9:00, and has a special engraving on the caseback. \$29,600.

ARMIN STROM MANUAL GUMBALL 3000

Built to commemorate the Gumball 3000 car rally across continents that took place earlier this year (in which Armin Strom owners participated), the Gumball series of watches in honor of the annual supercar event offers strong automotive inspiration. This Manual Gumball 3000 watch is powered by the Armin Strom manual-wind caliber AMW11-GB caliber with 112 parts and five days of power reserve. The 43.40mm stainless steel, black PVD case is water resistant to 50 meters and the watch features the Gumball 3000 engraving on the caseback. \$14,600.

ARMIN STROM SKELETON PURE TEAM 78

Armin Strom is an independent watch brand known for its ability to create top-quality timepieces according to the strictest codes of technical and aesthetic refinement. Such is the case with the Skeleton Pure Team 78 watch, which houses the 146-part manufacture-made ARM09-S manual-wind movement with eight days of power reserve. The impressive caliber, which offers small seconds and off-center time indications, features a fully skeletonized mainplate with black PVD coating. The 43mm case is crafted in black PVD stainless steel with a sapphire crystal complete with anti-reflective treatment. The strictly limited edition Skeleton Pure Team 78 will be made with a genuine black carbon strap with lime stitching, and with an additional black rubber strap. \$31,900.

CUERVO Y SOBRINOS

CUERVO Y SOBRINOS HISTORIADOR VUELO

The all-new Historiador Vuelo watch heralds the most emblematic line in the Cuervo y Sobrinos history: the Historiador (based on a sketch of a 1950's model that recalls the heyday of Cuban high lifestyle). The Vuelo (translated as "flight") emanates a savoir-faire that brings the elegance of the past to the future. Developed, designed and produced in Switzerland, the 44mm stainless steel watch features a highly complex case construction, with screwed lugs and multi-level ivory dial. The automatic Dubois Dépraz 30342 movement with date and 24-hour indicator offers 40 hours of power reserve. A tachymeter scale is engraved on the bezel. The watch features a unique strap in Alcantara with alligator "pon pon" inserted. Also available with diamonds, and diamonds and sapphires. \$7,600.

CUERVO Y SOBRINOS ROBUSTO BUCEADOR

A modern sports watch inspired by the brand's rich Cuban roots, the Robusto Buceador dive watch is suited to water sports by day and dinner by night. Reflecting the blue of the oceans surrounding Cuba, the 43mm stainless steel watch has an indigo blue dial with wave decoration on it. The single-piece case is held with two screw crowns and a screw-on case back to guarantee water resistance to 200 meters. The dive time is displayed via an internal rotating bezel on the dial of the automatic watch. The Swiss-made timepieces house an ETA movement with specially decorated rotor and offering 38 hours of power reserve. The rubber strap is hand stitched and is double-sided. \$3,300.

CUERVO Y SOBRINOS TORPEDO CRONOGRAFO LIMITED EDITION

Created in a limited edition, the Torpedo Cronografo is a bold yet beautiful rendition of a chronograph with both pulsometer and tachymeter functions. Powered by a Dubois Dépraz movement, the watch offers chronograph, small seconds and date, as well as an accurate 15-beat pulsometric scale and a travel-speed tachymeter scale. Just 40 pieces are being built of the 43mm stainless steel watch with two-tone bray and black dial. \$6,200.

GIULIANO MAZZUOLI TRANSMISSIONE MECCANICA CHRONO

Offering a bold interpretation of the mechanical precision of the automotive world, the Transmissione Meccanica Chronograph is an elegant yet sporty timepiece. The design recalls the powerful transmission of a car, where the gears are transformed into a case design and part of the clutch is interpreted on the dial. Crafted in stainless steel with PVD gunmetal dial and bold red hands, the watch features chronograph pushers on the left side, while the crown is situated on the right side at 2:00. The Italian-designed, Swiss-made watch is powered by a Dubois-Depraz 2030 Luxe movement with anti-shock system. \$7,500.

GIULIANO MAZZUOLI CONTAGIRI 8C COMPETIZIONE

Similar to all Giuliano Mazzuoli collections, the Contagiri takes its design inspiration from motor sports, particularly the tachometer. Highly desirable, Contagiri 8C – dedicated to the glorious tradition of the Alfa Romeo -- now has a new version inside the Contagiri 8C limited edition 500 pieces: the all in black DLC (Diamond-Like Carbon) steel watch. Like the other Alfa Romeo 8C watches, this is a 44mm piece. A 131-part mechanical automatic movement and 42 hours of power reserve powers it. The back dial design mimics the car's tachometer and has a distinctive retrograde central hour hand that moves on the dial from 1 to 12, then flies back to its starting point to do it all again. \$17,600.

GIULIANO MAZZUOLI MANOMETRO LIMITED EDITION

This year marks the 10th anniversary of the Giuliano Mazzuoli brand of timepieces inspired by automobiles. When Mazzuoli first created his line he was struck by the beauty of the pressure gauge (translated as Manometro in Italian) and created a line that would reinterpret the timeless elegance of the sport of driving. Today, the iconic look of the Manometro continues to capture hearts. This 10th anniversary limited edition Manometro, designed in Italy and produced in Switzerland with Swiss automatic movements, features a vintage looking case crafted in stainless steel with Mazzuoli's signature engraved above the crown. The watch boasts an ivory hand-numbered dial and a natural calfskin strap made in Tuscany. Just 120 pieces will be made. \$3,900.

CORUM AC-ONE MISFIT SKELETTE

Part of Corum's much-loved Admiral's Cup line, the newest AC-One Misfit is so named because it is inspired by the oversized colored brake calipers found on exotic cars. One of just a handful of AC watches to be inspired in design by something non-nautical, the AC-One Misfit features a skeletonized movement with red rotor and sold with matching red rubber strap and also with a black alligator strap with red stitching. SuperLuminova hands and indexes make the 45mm titanium watch easy to read at night. It is water resistant to 300 meters and the sapphire caseback displays the word "Misfit" in odd fonts. \$12,200.

CORUM GOLDEN BRIDGE

Another iconic timepiece from Corum comes in the form of the mysterious Golden Bridge watch. First created in 1980, the timepiece features an in-line vertically placed baguette movement that is ensconced with sapphire crystal and caseback for a 360-degree view of the hand-engraved movement with bridges crafted in 18-karat gold. This version is updated with a black ceramic case and rose gold bezel and crown. The watch is water resistant to 30 meters. \$19,000.

CORUM HERITAGE BUBBLE

Making a big come back on the market, the Corum Heritage Bubble watch recalls its radical roots. The oversized domed watch was first unveiled in 2000 and was one of the most unconventional – and fast beloved – watches in history. Now, 15 years later, the new 47mm Corum Heritage Bubble features a specially made sapphire domed crystal that stands 18.8mm high – no easy feat to achieve. The dial has an optical art motif of decorated squares in graduated sizes that get larger in the dial center – a design inspired by artist Victor Vasarely. The dial is fitted on a PVD coated Bubble made in a limited edition of 350 pieces. This version is crafted in black PVD stainless steel. \$3,425.

**BRM MONTRE T12 DRIVEMASTER**

Holding true to the famed black-and-white racing colors of the checkered flag – with racecar red accents – this Montre Model T12 DRIVEMASTER is a 44mm titanium and steel cased chronograph with stepped, striped case sides in black and steel. The watch is powered by the automatic ETA Valjoux 7753 caliber that has been modified in house by BRM. The chronograph offers center seconds hand in white, with the final seconds of a minute ticked off in red dots. The auto-inspired piece is water resistant to 100 meters. \$7,750.

BRM V12-44 CORVETTE

Inspired by the skull mascot, "Jake," on the cars of the Corvette Racing Team, BRM unveils the V12-44 Corvette watch. "Jake" dates back to 2004, when the Corvette Racing Team was in its 4th championship ALMS season. Winning multiple important championships that year, the team turned the "Take No Prisoners" motto, and implemented the skull logo. BRM salutes the racing mentality with the new V12-44 Corvette 1 watch. Crafted in stainless steel with black PVD and yellow case, it offers black dial, steel pushers, crown and protector. The screw-down crown is engraved with the skull logo in black and yellow. Complete with sapphire caseback for viewing the movement, the watch is created in a limited edition of 100 pieces. \$8,550.

BRM MODEL RG-46 ABL

Part of BRM's famed light-weight line, the Model RG-46 watch is so light weight that it's 50 grams feels like nothing on the wrist. Make no mistake, though, this watch packs power. It houses an automatic movement based on the ETA Valjoux 2824 caliber, modified in house. The skeletonized dial features apertures for viewing the watch's "shock absorbers" that are connected to the movement's rotor with auto-stop hands. The bold 46mm case is crafted in black polymere and features a screw-down crown, lugs of Fortal HR in black PVD and blue shock absorbers (also available in other colors). The black alligator strap is also accented with blue stitching to match the absorbers. \$14,150.

TUTIMA

TUTIMA GRAND FLIEGER AIRPORT CHRONOGRAPH

Offering an updated yet sporty appeal, this 43mm Grand Flieger Airport Chronograph is powered by the Tutima 320 automatic movement with 44 hours of power reserve. The black dial with white and red accents is incredibly easy to read – an important factor in a pilot's watch. Water resistant to 20ATM, the watch offers chronograph with 60-second, 30-minute and 12-hour counters, as well as date. It is an officially certified German Chronometer according to DIN norm 8319 (similar to the Swiss COSC chronometer rating). \$5,700.

TUTIMA SAXON ONE CHRONOGRAPH

Bearing the name Saxon One, in honor of the region of Germany where Tutima is located, the classic Saxon One Chronograph houses the brand's in-house-made movement, the Tutima 521 automatic caliber. The 43mm watch represents a visually clean look combined with precision timing and 44 hours of power reserve. Crafted in stainless steel with a steel bracelet of interlocking links, the watch offers sweep minute and second counter, as well as a 24-hour subdial and a date. The large chronograph pushbuttons are integrated into the case, which is equipped with a transparent sapphire caseback for viewing the meticulously finished movement. \$7,100.

TUTIMA M2 PIONEER CHRONOGRAPH

German-made Tutima has a rich history in aviation watches. Now, with all-new state-of-the-art workshops in Glashütte, the brand is well poised for the 21st century – offering precision instruments that deftly combine mechanics and aesthetics. The M2 Pioneer Chronograph, with soft-iron inner case to shield against magnetism, houses the Tutima caliber 521 automatic movement. The 46.5 mm solid titanium watch offers hours, minutes, small seconds, chronograph 60-seconds counter, 60-minute counter and 12-hour counter. It is also equipped with a 24-hour display and date, and 44 hours of power reserve. The chronograph buttons are integrated with a neoprene inlay for easier use and water-resistance. Luminescent capsules inserted into the bi-directional 60-minute bezel offer easy readability. \$6,900.

DIETRICH OT-4

Emmanuel Dietrich, founder of the eponymous brand and an interior designer with a passion for watches, decided to build bold timepieces with a distinctive, multi-dimensional look. The OT (Organic Time) watches express Dietrich's view of the balance between power and pleasure. Each watch features an elaborate four-layer dial that allows for the display of alluring details. Powered by a modified automatic mechanical (Miyota 82-S-7) movement, the OT-4 offers hours, minutes, seconds and 24-hour counter. Crafted in 316L stainless steel micro-bead-blasted finish coated with gray PVD, the watch has a forged carbon on brushed steel bezel. The open dial with view to the movement has Classic Tritec C5 Super-LuminNova hands and indexes. \$1,850.

DIETRICH OT-5

A more refined looking version, the OT-5 also houses the modified automatic mechanical movement, Miyota 82-S-7, and offers hours, minutes, seconds and a 24-hour counter. The OT-5, though, is crafted in 316L stainless steel with a micro-bead-blasted finish that is then coated with brown PVD, and the bezel is micro-bead-blasted and brushed bronze – a rarely used, but much-loved, metal in the watch world. The four-tiered dial, with open view to parts of the movement, features a first layer in sun-brushed light copper color, second layer in vertically brushed copper color, third layer in sun-brushed darker copper and a top layer in brushed black. The bronze hands and the indexes are Tritec C5 Super-LuminNova for easy night reading. \$1,400.

DIETRICH OT-6

For a stealth rendition, reminiscent of the auto industry, the 48x46mm OT-6 offers the same design aesthetic of its siblings, but in black PVD with a black PVD steel bezel. The four-layer dial is created in layers of brushed black, grey, steel gray and black – with orange markings and orange SuperLuminova hands for striking appeal. The OT watches are water resistant to 50 meters and feature custom-cut sapphire crystals with anti-glare coating. The crown is sealed with a double O-ring and the caseback is engraved. While this watch is sold with a black perforated leather strap with orange stitching, like all OT watches, other optional Dietrich straps are also available. \$1,250.

"THERE ARE DETAILERS, AND THEN THERE ARE THESE GUYS."

—Thomas duPont

At St. Louis Auto Detail we share the passion for your automobile. Our highly trained personnel are more than just porters and technicians. We are problem solving professionals who strive to keep your vehicle looking—and feeling—like new. While the imitators claim to offer similar interior and exterior maintenance services, no one in the industry can match the depth of experience and level of commitment that St. Louis Auto Detail delivers daily. In addition to our premium detail services, we offer Clear Bra Paint protection, window tint, vinyl vehicle wraps, Paintless Dent repair, hail repair, and are a leading Certified Ceramic Pro Installer.

duPont REGISTRY™ Cars & Coffee – September 2015

Long before the sun cracked through a low layer of clouds, when much of Tampa Bay was still sound asleep, a massive crowd gathered in the parking lots surrounding our St. Petersburg headquarters, kicking off what became one of our largest Cars & Coffee events to date.

The main lots were filled up well before our 7 am start time, and the overflow lot next door reached capacity by 7:10. Families and groups of friends walked among them all, coffee in hand, as some of the world's rarest and most beautiful vehicles sat on display. Inside the showroom, the cover was lifted on the Aston Martin One-77; outside

of the building, Lamborghinis, Ferraris, Aston Martins and more caught the glow of the rising sun.

Attendees of this event included the area's finest dealerships and car clubs as well as the Pinellas County Sheriff's Department, with a massive SWAT MRAP vehicle, motorcycle and jeep.

"Acid Green" Porsche 918 Spyder Looking For New Owner

Now that the Porsche 918 Spyder is no longer being produced, it's going to become an even hotter commodity than it was before. This fact also makes examples like this one even more highly sought after.

Finished in an electric "Acid Green" paint contrasted against its "Authentic Mocha Brown" interior, this 918 Spyder is a rarity. In fact, it's only 1-of-2 known Weissach Package 918 Spyders in this color and 1-of-1 in the US. Offered on duPontREGISTRY.com with only 8.3 factory miles.

Lamborghini Huracan LP 610-4 Spyder Revealed

Recently unveiled by Lamborghini, before its debut at the 2015 International Motor Show (IAA), is the brand-new Lamborghini Huracan LP 610-4 Spyder. While we knew it was coming for some time, it's nice to finally see the finished product.

Powering the car is Lamborghini's naturally aspirated 5.2-liter V10 engine. This familiar engine puts out 610 hp and 413 lb-ft of torque, which pushes the 3,400 lbs car from a standstill to 62 mph in 3.4 seconds. It can also accelerate from 0 to 124 mph in 10.2 seconds and top out at 201 mph.

Porsche Mission E Fully Electric Concept Unveiled

They broke ground in the world of hybrid cars when they released the 918, but now Porsche is setting its eyes on crafting a fully electric model with the introduction of their Mission E concept. A recent announcement outlines their newest concept design, the Mission E.

Set for a full unveiling in Frankfurt at the International Motor Show (IAA), Porsche anticipates that it could create up to 600 hp, a 310 mile cruising range and be charged from 0 to 80 percent capacity in less than 15 minutes.

Bentley Bentayga: The Fastest & Most Powerful SUV in the World

After years of rumors, leaks and teases, the new Bentley Bentayga SUV was unveiled Sept. 9. In the revealing press release from the English luxury automobile manufacturer, Bentley announced that the Bentayga is “the fastest, most powerful, most luxurious and most exclusive SUV in the world.” That’s quite a pedigree.

Bentley wasted no time in informing the world that the Bentayga is powered by an all new twin turbocharged 6.0-liter W12 powertrain. When fired up, this engine is capable of 600 hp and 663 lb-ft of torque, allowing for a 0-60 mph time of 4.0 seconds and a top speed of 187 mph. If these specifications aren’t enough, know that Bentley has taken the Bentayga around the Nordschleife 400 times, fine-tuning it to perfection.

Gumball 3000 Collection From Armin Strom

It's been just over three months since car spotters around the world waited in anticipation for the Gumball 3000 Rally to come through their town, but ARMIN STROM has ensured that just because the event ended, "Gumball fever" doesn't also have to.

The Gumball 3000 Collection was first introduced just ahead of the rally's May 23 kickoff in Stockholm, where Serge Michel and Claude Greisler, the

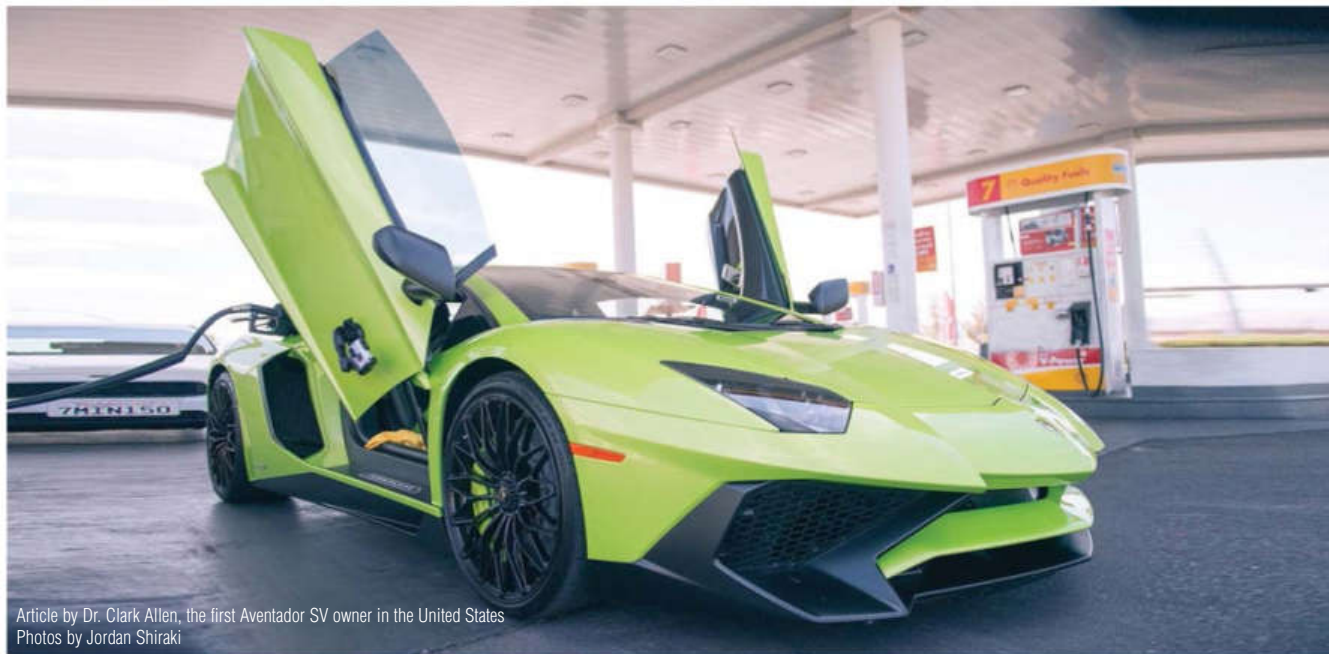

owner and director of ARMIN STROM, respectively, joined the drive. The two traveled as ARMIN STROM Team 78, with the Techart GT Street R Cabriolet, based on the Porsche 997, as their mode of transport across continents. The "78" in their team name is derived from Greisler and Michel's birth year—both were born in 1978.

Rolls-Royce Dawn Officially Unveiled

Since Sept. 8, England officially has a new luxurious family member: the Rolls-Royce Dawn. Unveiled in a press release by the marque, this new model is "like no other Rolls-Royce to date." It gets its name from the incredibly rare Silver Dawn, of which only 28 examples were built from 1950 to 1954.

Based on the smaller Ghost and Wraith models, this new 2+2 convertible is, as the press release describes, the "sexiest Rolls-Royce ever built." While the new English ultra-luxury model may only have two doors, each one adds to the strength and stiffness of the body, allowing for an uninterrupted A-pillar.

Article by Dr. Clark Allen, the first Aventador SV owner in the United States
Photos by Jordan Shiraki

Owners' Escapades: Taking the Lamborghini Aventador SV for a Drive

We had pulled out of Las Vegas with the first Lamborghini Aventador SV in the country only five days earlier. Eager for the road, we were driving through traffic, heat and the desert wasteland to arrive in Los Angeles for the Stampede. Running the next day with a La Ferrari, 918, many other exotics and even another SV that had been freshly bought, we came into Monterey hungry for the week ahead.

What an experience we had before us; first in class at the Concorso and two hours in traffic to the Quail, but after all, we were in an SV. It was a great week in a great car, but it was time to leave.

Calling all exotic car owners: If you're a reader of the duPont REGISTRY, have bought or sold a car through us and would like to tell your story, please submit your submission to OwnersEscapades@duPontREGISTRY.com, or call 1-800-233-1731.

2017 Porsche 911 Carrera & Carrera S Unveiled

Porsche's longest running model is back for 2017, and ahead of its full debut at the Frankfurt International Auto Show, the complete details have been released to the public.

Both the 911 Carrera and 911 Carrera S, as well as the Cabriolet versions of each, see some impressive performance upgrades in their new forms. The

improvements resulted in a full 10 second improvement in the Carrera S' Nürburgring lap time on the North Loop, knocking it down to just 7 minutes and 30 seconds.

"Strictly Limited" Aston Martin DB9 GT Bond Edition

Do you love the world's most famous spy, James Bond, and his taste in cars? Now you can drive like him in the newly unveiled Aston Martin DB9 GT Bond Edition. This strictly limited edition, meant to celebrate the upcoming movie "Spectre," comes to us in a press release issued Sept. 2 by the English automaker.

Land Rover Range Rover Sentinel: Grenade & Bulletproof Luxury

While we agree that every armored car should be capable of fording rivers, until now, it had to involve an expensive custom build. That changed when Land Rover formally announced the Range Rover Sentinel. Starting with the venerable Range Rover Autobiography, it's capable of stopping .30 caliber, armor piercing, incendiary ammunition. It can also survive 33 lbs of TNT from a lateral blast.

Ferrari 488 GT Debut at Ferrari of Tampa Bay

Friday, Sept. 11, Ferrari of Tampa Bay had the pleasure of debuting a fantastic new model to the Tampa Bay area: the Ferrari 488 GTB. Guests to the event were treated to fine food and drinks as they waited for the sheet to be re-

moved—unveiling the 488 GTB. They were surrounded by a selection of various Ferraris, ranging from the classic 512 to the new California T. It was most definitely a lavish event for a deserving car.

Graham Chronofighter Oversize Navy Seal Foundation Watch

With knowledge derived from centuries of watch making experience, GRAHAM has created a new timepiece meant to commemorate those who take on the world's most extreme battles: the Navy SEALs.

Released in the last month, is the Chronofighter Oversize Navy SEAL Foundation watch, a stunning and impeccably durable timepiece. It was created to withstand the same environments as the SEALs, while helping the families and support systems of those soldiers.

"This GRAHAM timepiece has been tested and proven to endure," describes a release from the company marking the Chronofighter's release. And its design reflects its purpose; a digital camouflage pattern creates a low profile for the face, while a PVD case made from 47 mm steel keeps it all tightly together. Each aspect of the watch blends seamlessly together, aside from two notable points.

Why You Should Buy A Bugatti Veyron

If eight cylinders and two turbochargers are enough, this article is not for you. For those with more extreme appetites, sixteen cylinders and four turbochargers which have been the state of the art for the last few years, can be found in the Bugatti Veyron. This may be enough reason to own one.

You will have almost 1,000 hp and 1,000 lb-ft of torque from idle to redline. This is possible because the 8.0-liter W16 engine uses Volkswagen's innovative VR6 narrow-angle architecture to package sixteen pistons in a space not much larger than a Big Block V8. With attention to detail in regards to intake and exhaust restrictions, they were able to make 1,200 hp and 1,100 lb-ft of torque.

Bugatti Vision Gran Turismo: The Most Intense Bugatti, Ever

Gran Turismo 6 has become one of the most well-known racing games thanks to the physical and digital Vision Gran Turismo models that are being released by prestigious automakers for use in the video game. The latest company to create one of these concepts is Bugatti, who recently released their model.

Called the Bugatti Vision Gran Turismo, this new model was crafted by the Bugatti design team to be created as a physical show car and digital race car. The team drew inspiration for this car from the company's racing history, more specifically, the Bugatti Type 57 Tank. In fact, the two-tone exterior finish of this new concept car is borrowed from the Type 57 G Tank that won the 24 Hours of Le Mans in 1937.

unCOVERed

TERMINATOR

By Ed Jones

*P*roject Terminator was created by Starwood Motors Custom Jeeps to dominate any surface in the world, whether streets or dirt roads. It's fitted with the best lighting, suspension and performance modifications, with solid steel looks and solid steel performance to the bone.

This build begins with a Wrangler Unlimited and swaps the stock 3.6-liter V6 engine for a ground pounding 6.4-liter Hemi V8, complete with Borla Headers and a Cat-back exhaust. Next, the stopping capabilities are increased to deal with the added power. This is accomplished with a new Baer brake system upgrade. New axles, axle housings with full trusses, axle sleeves, gusset kits, 4.56 gears and custom driveshafts by Tom Woods complete the driveline and make it bulletproof.

Being an off-road car, special modifications were made to ensure its superiority when off the beaten path. This includes a

6-inch TeraFlex long-arm suspension system, Fox reservoir shocks/steering stabilizer, Anti Rock sway bars and multiple light systems by KC HiLites.

Of course, Starwood Motors added technology and luxury into the mix. A 9-inch Alpine Restyle audio/video/navigation system is hooked up to the multi-view cameras while Focal speakers and subwoofers, custom amp racks and more provide an informative and entertaining ride at all times. A Bugatti Leather package was also included to make the cabin more exquisite than ever before.

The list for the Terminator's modifications could go on forever, considering that nothing was left unchanged. To learn more, be sure to visit the Starwood Motors showroom in Dallas, Texas or go to StarwoodMotors.com to build your own custom Jeep.

To see more photos, visit starwoodmotors.com/terminator.

SHOOTING RANGE INDUSTRIES LLC

RANGE DESIGN • RANGE EQUIPMENT • MODULAR RANGES

**You have all the
other toys,
but not this.....yet!**

Shooting Range Industries LLC offers the READY RANGE[®], a complete, 100% ballistic enclosed modular shooting range including all range equipment, electrical, lighting, and HVAC. Each module has two complete shooting lanes. These units are shipped to your location and set into place. Once power is connected, you are ready to shoot.

FEATURES

- Modular, can be moved and relocated
- Expandable in width and length
- Includes bullet traps, shooting stalls, and target retrieval system
- All electrical including outside disconnect, electrical panel, receptacles and lighting. (dimmable and programmable lighting scenarios available)
- Complete air filtration system including air supply, heating, cooling exhaust fans, HEPA filters, pressure monitoring gauges, and temperature controls. OSHA compliance for indoor range air quality.
- Rifle or pistol rated.
- Complete weather proof with all roofing, insulation and outside finishes.
- Can be placed outside, or inside a building or garage

OPTIONS

- Safe entry door
- Doubles as a panic room and a hurricane shelter.
- Surveillance cameras and alarm connections.
- Simulation systems (live fire video games, targeting, and training scenarios)
- Built in gun cases and displays
- Additional gun rooms
- Master control rooms
- Weapons cleaning rooms

**Systems starting
at \$132,000.**

Tel: (888) 471-7947
www.ferrarine.com

1984 FERRARI 308 GTS QUATTROVALVE. VIN# 0051227. Excellent condition classic Rosso Corsa-Tan combo. Outstanding paint and body, full engine belt and valve service just completed with records, fresh tires, very clean interior and engine. Runs and shifts smoothly, complete with tools, owner's manual and more. Offered at \$99,900, please call or text (734) 404-8632.

2007 FERRARI 612 SCAGLIETTI. VIN# 157297 MSRP \$424,000. Ferrari made 60 Sessanta (Italian for 60) versions of the 612 for Ferrari's 60th Anniversary. Each has a plaque as well as a different badge on the center stack of a Ferrari race car driver from the first 60 years. Driver on badge is Juan Manuel Fangio. Sessanta is the only solid colored one made to my knowledge, the other 59 were two-tone. Has 3,660 miles. Roger Penske owned it new. Asking \$279,000. Contact (573) 450-1039.

2013 FERRARI 458 ITALIA. VIN# 195697. Yellow over Black, 897 miles, Carbon Fiber Driver Zone, Carbon fiber Steering Wheels w/LEDs, Carbon Fiber Central Bridge, Daytona Style Seats Electric Seats, Cavallino in the Headrest, Yellow Brake Calipers, Offered at \$245,000 for more information contact Foreign Cars Italia of Greensboro at (888) 660-6822.

2015 FERRARI CALIFORNIA T. VIN# 207473. Black over Cuoio, w/ only 562 miles, State of the Art!!! Ferrari Certified, Equipped with Apple Carplay, AFS Lighting, Carbon Fiber Steering Wheel w/LED's, Carbon Fiber driving Dash, Carbon Fiber Center Bridge, Power Daytona Style Seats, Offered at \$262,000. For more information contact Foreign Cars Italia of Greensboro (888) 660-6822.

1953 FERRARI EUROPA. Chassis 0321EU Introduced to the public at the 1953 Paris Auto Salon. Beautiful Blue Montagna Exterior with Beige Hides Blue Piping. Even though these cars were marketed as expensive, luxurious, and well-finished grand touring machines, their advanced specifications and sleek lines helped assure the marque's reputation for performance above all else. This is an excellent driving example with complete restoration by noted expert, Brian Hoyt. Correct Borani Wheels. There is so much Information, please call TODAY! Contact Fusion Luxury motors at (888) 873-5860 or Visit www.fusionluxurymotors.com.

1983 FERRARI 512 BBI. VIN# ZFFJA09B000043799. Red with Tan interior. This model is a wonderful driver and is fast becoming highly collectible. With the stock market showing signs of instability consider investing in a hard asset that is rising in value. Only 1,007 units were produced. CLASSICHE Certification Pending. For more pictures please visit <http://www.ferrariquebec.com>. \$425,000 USD Call Jean-Daniel Bienvenu (866) 690-3975.

Celebrating
Packard

as *Marque of the Year*
 and featuring a

CCCA Grand Classic®

We invite you to join us over three spectacular days, February 19, 20, & 21, as we commemorate the **10th Annual Boca Raton Concours d'Elegance** presented by Mercedes-Benz and AutoNation. Last year the event attracted more than 6,000 attendees and raised more than one million dollars for the Boys & Girls Clubs of Broward County, making the Boca Raton Concours d'Elegance the fastest growing Concours in the Nation and the world's largest for charity. This year, we are honored to celebrate Packard as the marque and feature a CCCA Grand Classic®. The world-renowned Boca Raton Resort & Club is again the proud host of this prestigious event. This year's Concours kicks off on Friday night with the duPont Registry™ Live Hangar Party. On Saturday night, we will have a Gala dinner with a performance by car enthusiast and comedian, **Jay Leno**. Then on Sunday, the main event takes place, as an expert panel judges some of the finest automobiles and motorcycles ever built.

2012 FORD MUSTANG GT GALPIN AUTO SPORT WIDEBODY CONVERTIBLE. \$79,995 Only 436 miles. Being the Publisher has its perks, chiefly among them is having cars built to order. Galpin Auto Sports and their team of engineers and fabricators have made a name for themselves as building Widebody Mustangs. Not content to slap on a body kit, they reverse engineered every curve and edge and magnified them in order to make their body over 9" wider. While this could be more easily accomplished by using fiberglass, they took the road less traveled by forming each panel by hand from steel. For more details, search for Widebody at Blog.duPontREGISTRY.com Tom duPont (904) 753-3160.

BAJA XT/XTR >> INNOVATIVE OFF-ROAD ENGINEERING.

BAJA XT

**GET YOUR LIMITED EDITION
BAJA XT TODAY!**

The new 2015 F-150 Baja XT/XTR kit by Addictive Desert Designs is the most capable off-road truck to hit the dirt to date. The team at Addictive Desert Designs has applied their pavement meets dirt lifestyle with an infusion of off-road racing experience. Enhanced suspension provides more wheel travel and a wider track width. Custom body work combined with award winning bumpers, side steps, and accessories creates an aggressive look with ultimate performance. These enhancements maximize the all-new aluminum-body 2015 Ford F-150 capability to deliver a truck that is ready for your extreme off-pavement adventures.

#PAINTISDEAD

PAINTISDEAD.COM

If the acquisition of an uncompromised source of pleasure, or the refurbishment of your present motorcar is on your agenda, we'd appreciate the opportunity to serve you. Throughout more than four decades as one of the leading completely self-contained restoration and sales facilities in this area of the industry, our view has been that the responsibility due these rolling works of art is at least equal to that owed our long list of satisfied clients and friends.

A sampling of our inventory appears below. Each will be thoroughly prepared in our workshops so that only your enjoyment, rather than further attention will be required upon delivery. Their pricing is regularly reviewed and adjusted where appropriate, so that they may provide, in light of superior condition, excellent value as well. Your inquiries, trade proposals, and visits to our premises, if only to share enthusiasms, are all most welcome.

LSGT411 - 1965 Silver Cloud III Standard Sedan. Sand, Beige hides. 20,562 mile Southern California delivered example, factory air conditioning and power windows. Astonishing condition throughout, likely the best available anywhere. Warranty available.

2CX02018 - 2002 Corniche 335 HP Turbo. Black Sapphire (the deepest Blue imaginable), Oatmeal hides, Blue piping and top. 21,147 miles, extensive ownership history and service history with ourselves. Written comprehensive mechanical warranty available.

BAL26 - 1964 Bentley S-3 Long Wheelbase James Young B3,100 "Baby Phantom". Brewster Green, Tan hides piped Spruce. High quality restoration, one of 2 RHD non-division examples built. 87,443 miles, written comprehensive mechanical warranty available.

BC39LAR - 1960 Bentley S-2 Continental H.J. Mulliner "Spur Coupe". One of 26 alloy bodied left drives built. Bayard Crimson, Champagne hides, power windows, air conditioning, engine upgrade to S-3 specs. 1991-92 restoration by ourselves, still in fine order, Warranty available.

BC36LAR - 1956 Bentley S-1 Continental H.J. Mulliner Design 7400 Fastback. The 2nd of 22 left drives built 1956/59. Mushroom Beige, matching hides. 2013 fully documented and correct Pebble Beach quality restoration, not shown since. Great collector pedigree, cherished never damaged example. The finest and likely the only left drive available.

BC66LAR - 1960 Bentley S-2 Continental H.J. Mulliner Design 7508 Flying Spur. One of 49 left drives built. Blue - Grey, Blue Grey hides as originally supplied. 54,000+ miles US delivered example, fine older UK restoration of an undamaged very elegant example. Interesting pedigree, warranty available.

LSCX283 - 1964 Silver Cloud III H.J. Mulliner DHC. 1 of 25 genuine left drives built. Special Garnet, Tan top and hides. Never damaged air conditioned example w/complete interesting pedigree including Sergio Franchi and Nicolas Cage. 67,484 miles. Written comprehensive mechanical warranty available.

JCX23865 - 1988 Bentley Continental (II) DHC. Tudor Red, Parchment hides piped St. James Red. Chrome alloy wheels, cocktail requisites to door cubbies, picnic tables to rear. Complete book package w/original window sticker, tools in mint condition. 46,612 mile well prepared never damaged or rusted specimen, warranty available.

LSJR415 - 1965 Silver Cloud III Standard Sedan. Midnight Blue, Grey Connolly hides. Very strong undamaged 85,261 mile example, fairly priced. Warranty available.

LSCX49 - 1963 Silver Cloud III Standard Sedan. Black Pearl, Beige hides. Cosmetically completely original 49,636 mile never rusted or damaged example. Original book, tools, both sets of keys, factory work order. Written comprehensive mechanical warranty available.

BC22LAR - 1961 Bentley S-2 Continental H.J. Mulliner Design 7508 Flying Spur One of 49 left drives. Black Oriole (The deepest Green imaginable), VM3124 Green Connolly hides. Factory air conditioning upgraded, rear window blind, complete tools in their special Mulliner box, factory build sheets. Exceptional 67,545 mile performer, 23 year history with ourselves.

1958 Silver Cloud I Freestone & Webb "Honeymoon Express" DHC #SGE270. Fresh Concours quality restoration in Mason's Black over Brewster Green with Tobacco Tan hides. Documented 42,185 mile history. The finest of 3 built and the only one available. Written comprehensive warranty available.

XCX66580 - 1999 Silver Spur LWB 335 HP Turbo. THE VERY LAST ONE FOR NORTH AMERICA. Black, Autumn Tan ruched hides, opera style back glass, Bentley type floor shift, wrapover waistrails w/ RR inlays, veneer door panels & more. 37,846 miles. Warranty available.

ICX63514 - 2001 Bentley R420 Mulliner "Widebody" Continental Coupe. 420+Hp Turbo. #19 of #18 (no #13). Black, Black hides, nicely optioned. Exceptionally strong 52,206 mile example. serviced up to date. Written comprehensive mechanical warranty available. Currently being enjoyed on a daily basis by our dealer principal.

6CX11301 - 2006 Bentley Arnage R 425HP Twin Turbo. Silver Tempest, Autumn hides. 8,273 one owner Southern miles, no issues. Written comprehensive mechanical warranty available.

198042.10.002994 - 1962 Mercedes-Benz 300SL Disc Brake Roadster. DB180 Silver, MB268 Red hides. Fine 2007-2009 mechanical and cosmetic restoration of an undamaged specimen by ourselves, limited use since. Priced in accord with current rising market conditions.

LCLE97 - 1965 Silver Cloud III Long Wheelbase Non Division Saloon. Shell Grey, Scarlet hides. Factory air conditioning and tropicalised cooling system for use in Kuwait (never rusted...). 66,943 Km (40,000+ miles), interesting history. Warranty available.

YCX63338-2000 Bentley Mulliner Widebody Continental Coupe 420 Hp Turbo. Black. Tan hides piped Black, fully optioned impressive 9,851 mile performer, no stories. Written comprehensive mechanical warranty available.

FCX09983 - 1985 Corniche DHC. Triple Black, Cocktail requisites to door cubbies, excellent 40,148 mile "no stories" example. Impressive service dossier, written mechanical warranty available.

WCB6 - 1948 Silver Wraith Hooper DHC. One of two built. Duotone Blue, Parchment hides. Fine performing older restoration, proper book, tools and factory records included. Warranty available.

LSFU787 - 1965 Silver Cloud III Continental Mulliner Park Ward Flying Spur. 1 of 19 alloy bodied left drives. Black Sapphire (the darkest Blue imaginable) Cream hides, p/windows, upgraded a/c. So. California delivered. 72,372 mile example. Warranty available.

Some performances are timeless. A 3.6-liter V6 engine with a lightweight construction. An uncompromised sports car for four that delivers a true sports car driving experience. The Panamera 4 surpasses on every drive, no matter if it's your first time or your thousandth. It's an experience you can expect across all models. Which is why for Porsche owners, there is no substitute.

THE WORLD'S GREATEST COLLECTOR CAR AUCTIONS®

JANUARY 23-31, 2016 | SCOTTSDALE, AZ

THE ORIGINAL SCOTTSDALE AUCTION

1959 CHEVROLET CORVETTE RACE CAR
"PURPLE PEOPLE EATER"

One of the most renowned racing Corvettes in history, this car dominated West Coast racing in the late 1950s with driver Jim Jeffords at the wheel.

1957 CHEVROLET NASCAR RACE CAR
"BLACK WIDOW"

The "Black Widow" race cars were among the most feared of the decade. Jack Smith drove #47 to four 1957 NASCAR victories.

2015 MERCEDES-BENZ S63 AMG COUPE. A model that combines the elegance of a sedan with the sportiness of a coupe. Its exterior is finished in silver paint, while the contrasting cabin features a Black leather interior. It is offered with the all-wheel drive system, which is standard in the United States. Power comes from a poised AMG 5.5-liter V8 biturbo engine that boasts 577 hp and 664 lb-ft of torque. When this power, the 4MATIC drive system and the AMG SPEEDSHIFT MCT 7-speed sport transmission are all combined, numbers and the car start to fly. Mercedes estimates the S63 AMG 4MATIC Coupe's 0-60 mph time to be 3.9 seconds and notes that the car's top speed is electronically limited at a hair-raising 186 mph. It's ready for a new owner, with only 3,000 miles on the odometer. Price \$220,000. Contact Paul (203) 524-2006.

Some Are Born Great,
Some Achieve Greatness.
SOME DO BOTH.

Mercedes-Benz

Introducing The Mercedes-AMG®
GT S Coupe

Perfection has finally arrived in the form of the all-new 2016 Mercedes-AMG® GT S.

The result of intense effort, driven by passion and executed flawlessly as only Mercedes-Benz engineers could achieve. The handcrafted 503 HP 4.0L bi-turbo V8 engine delivers 479 lb-ft of torque. Its 7-speed dual clutch transmission shifts in less than 100 milliseconds. There's no denying it. This is one thrilling performance machine.

With the sweep of its panoramic roof and sleek, sculpted profile, the GT S is also a feast for the eyes.

Put this greatness under your command. Test drive the all-new Mercedes-AMG® GT S today at Mercedes-Benz of Tampa.
